## CREATE A NEW DESIGN

We love things shiny and new. Whether you imagine something simplistic or edgy, our industrial design staff will work your direction, design, or napkin sketch to create your very own custom hardware piece.

## CUSTOM BRASS METAL

It's not all about structure when it comes to the ways that metal can be used in your construction project. Custom metal hardware is a great way to make an aesthetically pleasing and functional addition to your home or business. At EuroArt, we have extensive experience providing custom metal hardware for a wide variety of uses and functions both inside and out.

## THINKING OUTSIDE OF THE BOX

The freedom to design pull handles and cabinet handles for your home is about thinking outside of the box. That is because when you have the benefit of experience, you know that the ability to turn an idea or dream into a reality is simple. Whether you are looking for traditional design or you are looking for contemporary we are here to help you from start to finish.

# Committed to Craftsmanship

## AVAILABLE IN A WIDE VARIETY OF FINISHES

One of the great things about using Brass metal in your home is the freedom to choose from a wide variety of finishes. EuroArt Gives you freedom to choose the finish that you want, with the freedom to design a piece that matches your application and personality.

## HEAT FORGED AND SHAPED

Having the ability to heat forge and shape brass means that the sky's the limit when it comes to uses and applications for custom brass handles at your home or business. At Big Timberworks, we have the unique ability to custom create metal pieces that you are not going to find anywhere else in the world. Our experienced team of metal experts knows what it takes to produce quality pieces promptly that you are guaranteed to love for years to come.

## BUILT TO LAST FOR GENERATIONS

When you make a significant investment in your home's look and feel, you want to know that your investment is going to be a smart one. The use of custom metal hardware in your home allows you to add features and elegant touches that are sure to be there for as long as you enjoy it. Unlike many other building materials, metal's rugged durability lends itself to longevity and consistency well into the future. That means that an investment on your behalf means cost savings over time and an investment that makes a significant difference over the life of your home.
