

EASV-P250

Features

THE EASV-P250 IS A MOBILE CLOSING SYSTEM DESIGNED FOR LARGE SPACES; AN IDEAL SOLUTION FOR CREATING DIFFERENT ENVIRONMENTS FOR LARGE-SCALE COMMERCIAL USE.

- A system that makes it possible to assemble an infinite number of glass panels of up to 250 kg.
- High precision rollers with ball bearings for a smooth sliding action, as well as vertical adjustment.
- The installation has no bottom guide channel, providing 100% obstacle-free passage once open. It also has safety pivots to attach the panels to the floor.
- The particular feature of this model is the panel parking area, which is very small, and allows the panels to be parked where desired, perpendicularly and parallel to the installation.
- The panels slide easily and the system is adjustable to the millimeter for ease of installation.
- The EASV-P250 assembly becomes a large glass screen once closed, providing a finish free of frames and profiles, and without architectural barriers.
- Certified for wind.
