

E10-01WS

Finish: Clear

The clear plastic 'U' With Bulb Attachment is a versatile seal that can be mounted to the edge of a door or panel for a variety of installation configurations. The soft Bulb portion of the seal allows doors to swing both in and out of the enclosure if desired. Standard length 2200mm. Suitable to use on 10 & 12mm thick glass.

E10-02WS

Finish: Clear

This clear plastic "h" Strike Jamb is an excellent choice to seal between the door and the fixed panel on a 180° inline application. Attach to the fixed panel on the strike side. Standard length 2200mm. Suitable to use on 10 & 12mm thick glass.

E10-03WS

Finish: Clear

This ultra clear plastic One-Piece Bottom Rail is snapped on the bottom of the door to achieve a seal. Because it is a single piece sweep, it means the vinyl seal that hangs down from the sweep will firmly direct the water back into the shower enclosure. Standard length 2200mm. Suitable to use on 10 & 12mm thick glass.
